Cellular One now offers a new, expanded home calling area.

At Cellular One, we know how difficult it is to hang on to your hard-earned money. So we've come up with a way to help you save big time.

It's our new, expanded home calling area. And it includes Austin, Victoria, Corpus Christi, Laredo and Fredericksburg—all the cities you'd most likely be in if you were calling from outside San Antonio. In fact, Cellular One now let's you call just about anywhere in South Texas at

your home airtime rate without incurring extra costs like roaming charges.

And as always, you won't pay any interconnect fees.

What's more, until June 30, 1995 you'll get an extra benefit: no long distance charges for calls placed between Austin, San Antonio and Corpus Christi.* Now with Cellular One, things are bigger. And better. So stop by today, or call us at 861-7070. And start holding on to more of your money.
